## INTRODUCTION

Transtech presents a common platform for engineering students to present technical papers on varied topics of interest. It encourages the young generation of engineers to delve into numerous activities such as paper presentation and research work, thereby empowering them with a razor-sharp thinking ability.

Earlier, the event has been successfully organized since 2007 with excellent response from many colleges across the country. Apart from Paper Presentations, invited talks by eminent personalities in various sectors are also arranged during the event and a competition of display of models based on any of the sub theme will be held at the venue for which separate prizes will be given. The question answer sessions after the presentations make the event highly interactive and lively. Overall, Transtech is really a professional oriented gathering and a new educational experience.

The theme will enable the engineers of today to acquire the contemporary know-how in this sphere of study, thereby edifying them with regards to different aspects of the subject. This varied range of academic exchanges will benefit not only the participants, but also the to-be engineers in the audience.

Transtech aims at providing an apt forum for such laudable pupils to bring out the best in them, thus leading them towards reaching the top echelons of any industry.

## THEMES

**Main Theme:** "Efficient Shipping on Clean Oceans"

### Sub Themes:

- Alternative fuels
- Hull form optimization
- Coatings and corrosion
- Zero emission technologies
- Life cycle analysis of a ship
- Vessel performance optimization
- Advancements in sensor technologies in shipping
- System integration - automation & digitalization on ships

## ABOUT THE INSTITUTE OF MARINE ENGINEERS (I)

The Institute of Marine Engineers (India), established in 1980 is the professional body of marine engineers in the country. It aims to promote the scientific development of Marine Engineering with exchange of ideas and co-operates with other institutions for the furtherance of education in marine engineering science.

Pune Branch is a vibrant center of activities especially in the area of Maritime Education and Training.

## ABOUT THE INSTITUTION OF ENGINEERS (I)

The Institution of Engineers (India), established in the year 1920, stands today as the testimony to the vision of bygone era as the largest body of engineers in India with a membership of more than 4 lakh. IEI is one of the largest professional associations in the world, obtained the Royal Charter from King George V in 1935 to promote and advance the science, practice and business of engineering in all its branches in India.

The Pune Local Centre of IEI is an active and vibrant center in the country with many activities in all disciplines in engineering.

## ABOUT TMI, INDURI, PUNE

Tolani Maritime Institute is one of the largest in the country with over 1,500 students enrolled in its campus-based and distance learning programmes. The institute has state of the art facilities including full mission ship handling and engine room simulator. The Institute is dedicated to delivering high quality engineering education and training to prepare its students for rewarding careers in the shipping industry. It offers degree programmes as well as a variety of short-term courses covering both the engineering and nautical disciplines. The institute has been awarded Grade 1 (outstanding) by CRISIL and is an ISO 9001:2015 certified institute approved by DG of shipping. TMI graduates are awarded degrees by the well-established Indian Maritime University, Chennai. Interdisciplinary research, consultancy and continuing education programmes are important components of academics at TMI.

## HOW TO REACH TMI, INDURI, PUNE

The institute campus is just beyond Induri village near Talegaon-Dabhade, which is approximately halfway between Lonavla and Pune. Talegaon-Dabhade is well connected by rail and bus to Pune and Mumbai. All the local trains between Pune and Lonavla stop at Talegaon. You can reach Talegaon by taking either National Highway No. 4 or the new Mumbai-Pune Expressway. The Institute campus is located on Talegaon-Chakan road. Pick up from Talegaon railway station can be arranged.
